Dear Parents and/or Guardians,

We have reviewed the medical history and consent forms that were completed on your child during Dawson County Schools registration. Attached is an additional Care Plan and/or Action Plan for your child's condition(s). These forms will help us identify the best ways to treat your child. Please have your child's medical provider complete the form(s) and return it to the nurse's office as quickly as possible. This will greatly enhance our ability to meet your child's medical needs. Thank you for allowing us to care for your children.

Sincerely,

Dawson County School Nurses
